Jeff Harvey
Principal

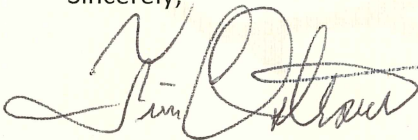

Dear Band Parent,

Your child has elected to not continue in band next year. I'm assuming that your child has discussed this with you. I want you to know that, although I am sorry for this departure, I am also grateful for your child's participation in the music program and your support as a parent of music in our school.

Here is what you should do now to prepare for this transition:

- 1) If you have a school instrument, return it to the front office for larger instruments or the band room for smaller instruments.
- 2) If you are renting an instrument from Cadence Music, return it to the front office. Make sure the tag clearly identifies your child's name. Place a note inside the case stating that your child is dropping band and you wish to stop payments. Cadence will pick it up as they drive to our school weekly.
- 3) If you are renting an instrument from another vendor, you will need to return it to the store.
- 4) If you own an instrument and would like to donate it to our program, please leave it in the front office with your child's name visible and leave a note on the inside stating that it is a donation. It will be used as part of our inventory and lent to a student in need.

Sincerely,

Tim Ostrow
Director of Bands, LAAMS
