

Solo & Ensemble Festival Information, 2018

The **Florida Bandmaster's Association** (F.B.A.) sponsors the District 11 Solo and Ensemble Festival during February of every year. The opportunity to be evaluated as a soloist or as a member of a small ensemble by a judge (an experienced music educator) is a wonderful learning experience. Participation in this festival is strongly encouraged for students in the advanced band and percussion ensemble.

Due to the large size of our band program, students in intermediate or beginning band may only participate if he/she is taking private lessons.

Each student and a parent must complete the contract on the back of this to participate in the Solo & Ensemble Festival. Additionally, each festival participant must pay the required fees. Both the contract and fees must be turned in by Monday, January 8th.

This contract and the lessons/rehearsals with the accompanist are used to *nearly* guarantee each student will be properly prepared and have a great experience.

There are two ways in which a student may participate in the Solo & Ensemble Festival. Every student in advanced band will participate in a large woodwind ensemble or brass ensemble. Every "varsity" percussionist will also perform in a small percussion ensemble. This is paid for by the band boosters. Students may also play as a soloist with a piano accompanist. There is a small fee for performing a solo.

All music performed *must* be chosen from the F.B.A. Music List. Music will be chosen with the help of the director or the student's private teacher.

Solos

- A solo is a piece of music written for one person to perform on his or her instrument.
- Solos include a piano part (the accompanist) that must be performed with the solo.
- A student may perform only one solo per instrument. If a student plays more than one instrument, he or she may perform multiple solos, as long as they are on different instruments.

Ensembles

- An ensemble is a small group of performers. This includes: duets (2), trios (3), quartets (4), quintets (5), and choirs (up to 26).
 - Again- this year, students will perform in choirs. There is no charge for this as the boosters will pay the fee.
- Ensembles **DO NOT WORK** when 1 or more members are not present to practice with the group. As such, ensembles will be rehearsed in class. If a student is not prepared, he or she may be asked to not perform.
